Calcium Arsenate Saves Thousands Of Dollars On Demonstrating Farms in Coffee; Poison and Machines Used With Fine Results

By means of field demonstrations in the use of calcium arsenate dust, we have created a bit of general interest and activity among our farmers in the matter of weevil control. This month has witnessed a greater and more intelligent use of boll weevil poison than has been practiced in the county altogether since the Federal Bureau of Entomology discovered calcium arsenate as an effective remedy against the Mexican cotton boll weevil.

Last season only two tons of poison was used in the entire county. During July the farmers at the suggestion of the county agent purchased co-operatively 10 tons of poison and 20 two row dusting machines. The 10 tons of poison used by special farmer demonstrators under counsel and advice of the county agent cost delivered \$1600.00 or 8c per lb. A few years ago calcium arsenate in car lots to the farmers in Limestone County, Alabama sold for 35c per lb. Thus by co-operative effort the farmers have themselves reduced the price from 35c to 8c per lb. The 20 dusting machines purchased co-operatively by our demonstrating farmers cost \$1200.00 on which there was a saving of 20 per cent thru co-operative buying. This makes a total cost of \$2800.00 to our dusting demonstrating farmers during July.

The above amount of poison was used on approximately 1300 acres, and we figure in some cases saved as much as one third to one half bale per acre, but figuring the whole saving in cotton per acre due to dusting at one fifth bale per acre which all the farmers will judge ultra-conservative, we have an increase yield due to poison of 275 bales which will sell for \$27,000.00. Subtracting the cost of poison and machine from profits, we have a net total income from 20 farms of \$24,200.00 due to poisoning their cotton with calcium arsenate.

We believe that dusting the coming winter and spring, the farmers of Coffee County will pool orders for machines which will total several carloads and poison likewise. The farmers are at last convinced by concrete and specific field demonstrations conducted by themselves that cotton in Coffee County can be grown at a profit on any and all lands provided three conditions are met. (1) Reduced acreage per plow to enable the tenant to cultivate properly and keep ahead of the grass especially in wet season. (2) Heavy applications of wisely balanced, home mixed and co-operatively purchased commercial fertilizers, and (3) judicious and intelligent use of calcium arsenate dust as a means of effectively controlling the boll weevil. Practice of the above three suggestions by all the farmers in the county would double the baleage yield of Coffee County and bring wealth and happiness to every rural home.

MACIE DONALDSON DIES, AFTER SHORT ILLNESS.

The people of Pine Level were deeply grieved on Friday morning when the sad news was received that Macie Donaldson was dead. This news came as a great shock to most of them as it was not generally known that he was ill. His death occurred a little after eight o'clock Friday morning, July 31, at an Andalusia hospital where he was carried early that morning. Macie had been sick only 24 hours, suffering from an ulcer of the stomach.

Macie was one of the best boys of Pine Level community and numbered his friends by his acquaintances. For the past several weeks he had been working at a saw mill near his home and was one of the most faithful employees they had. He was at work at the mill when he was taken sick. The body was prepared for burial about 12:00 o'clock Friday morning and throngs of friends congregated there throughout the day to assist and offer words of deepest sympathy to the bereaved family. He is survived by his father and mother, Mr. and Mrs. J. O. Donaldson, two sisters, Myrt and Mary Annie; one brother, Rudd; besides a host of other relatives and friends.

The funeral was held on Saturday morning at Pine Level church. Elder J. A. J. Mitchell conducted the services. The body was laid to rest in Pine Level cemetery. Our hearts have been made sad on account of the death of this splendid boy, and we join the many friends in extending to the bereaved ones our sincerest sympathy.

DAVIS-PRESCOTT.

On last Sunday morning Mr. W. L. Davis and Miss Willie Mae Prescott, of Elba, were happily married, the ceremony having been performed in New Brockton.

The bride is a daughter of Mr. and Mrs. Jack Prescott, of Elba, and is a very charming young lady. The groom is well known throughout this section and is a splendid young man. Both have many friends who will be interested in the announcement of their marriage and who join us in wishing them a long and happy married life.

LIBERTY NEWS

The crops are not as good as we once thought they would be, but I guess we will make plenty of cotton as you know that a small crop brings more than a large one. The corn crop is short—not near so good as it was last year. This is going to hurt the farmers very much. We have our ups and downs, downs more than ups, but the old saying is "you can't down a working man and keep him down."

There is a lot of sickness about and the death angel has been visiting us again. Last week Mr. Benny Martin, Jr., of Opp, answered that last call. Mr. Martin lived here for several years. He was a good farmer and a splendid neighbor. He leaves a lot of friends who will miss him. We all join in extending sympathy to the family in their loss.

Last Thursday the home of Mr. Wade Cooper was saddened by the death of their little son. Many of us who have given up our little ones know how to sympathize with them.

Saturday was our third quarterly meeting. Our Elder being sick, the Rev. H. C. Threagill served in his place. The crowd met early as Mr. Allen was to close his singing school, that being his tenth day. The singing was just fine. At eleven the elder gave us a real good sermon. He presented so many beautiful thoughts.

We want to thank the good ladies for their kindness. There were so many of them and they came from every direction. One would have thought it was a "home-coming day." The reports were very good for the third quarter.

Brother Lowrey was at his place Sunday eve, and his sermon was splendid. Sunday school was well attended.

MARRIAGE OF MR. FOLSON AND MISS POINCEAU.

A marriage which will be of much interest to their many friends was that of Mr. Cecil Poinceau of Elba and Miss Grace Folson, of Lockhart, which was solemnized on last Saturday in DeFuniak, Fla. The wedding was a very quiet affair and came as a surprise to the friends of the couple.

For the past several years he has been in the Army and for some time past he has been engaged in recruiting work. He has many friends here.

LIKE MONEY IN THE BANK

You've often heard the quotation. It is used to emphasize security, stability, certainty. "Money in the bank" means prosperity and security to the depositor. It stamps him as a man of importance to his community, one who conducts his business, be it large or small, on strictly business lines. It assists in establishing his line of credit, so that he may make quicker turnovers on smaller capital.
